BIG GRIP TWIST

S.S. TUMBLER

This BIG GRIP gives you a choice with a TWIST. The straw is concealed by a twist-off cap. Remove it and the straw pops up for your drink. Then what? Place the cap on the magnetic tab and it won't go anywhere. When you're done, push the straw down and twist on the cap. The straw is always ready, but the spout is there too, so drink how you like. The secret mechanism is a silicone extension on the straw that springs it into position. Two choices, with a TWIST!
