MODERN TOUCH B

TRADITION & INNOVATION

27

Brewing the best tea takes careful thought. First, rinse the tea and heat the cup. Second, steep long enough but not too long. Third, put the brewing basket somewhere while you're drinking the first cup. Fourth ... well, it takes careful thought. So, how about traditional tea with a modern touch? Place fresh leaves in the basket; perch the lid and basket unit on the edge of the borosilicate cup; pour through the leaves to fill the cup; place the lid on the cup so that the tea can steep; remove and invert the basket, which will rest in the concave lid and not leak on your table. Enjoy traditional tea enhanced with modern innovation.

- High quality borosilicate cup.
- Silicone bottom for safety.
- Tea basket and lid conveniently integrated.
