

LARGE BOROSILICATE PITCHER

GRAVITY OPERATED SLIDE

AUTO SLIDE

- Our newest tip-to-pour pitcher has a big goal: ease of use. First, we installed an innovative weight-activated auto open and close slide mechanism. Tip to open and pour, place upright to close. The mechanism opens smoothly without any sudden motion that might cause a spill. Second, filling a pitcher can be a bother if you need to unscrew the lid and handle. With AUTO SLIDE, just lift out the pour mechanism, place on a table (small tabs keep it off the surface), and fill through the large opening. You can also easily remove the mechanism for cleaning. Third, it needs to be large. AUTO SLIDE is 1.5L/1.8L, which means less refilling. Innovation, convenient filling and cleaning, family size — big goal accomplished!

01

AUTO

Gravity-Operated Sliding Lid Automatically Opens and Closes.

A wide mouth provides a silky-smooth flow.

02

03

Easy one-handed cleaning. Just lift off the center mechanism.

Glass can withstand sudden temperature changes from -20°C to 150°C.
