SinoGlass Group

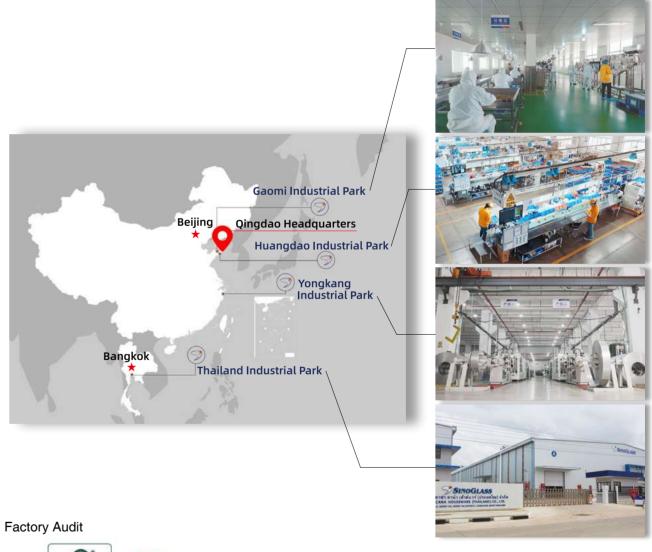

Founded in August 2000, SinoGlass Group has created and distributed superior household products for 25 years, integrating design, research and development, manufacturing, and marketing.

Headquartered in Qingdao, China, SinoGlass Group has two manufacturing bases and modern logistics centers in Qingdao and in Gaomi City of Weifang, Shandong Province; a stainless-steel bottle factory in Yongkang, Zhejiang Province; and a manufacturing plant in the Yamato Industrial Park, Chonburi Province,

SinoGlass strives for continual improvement. Lean Production processes have resulted in higher quality and efficient production, shortened lead times and many cost savings. Adding our own new and advanced injection molding facility has also brought more quality and cost control in house, and our modern warehousing logistics system ensures your order is correct and on schedule.

The hydration bottle brand, Hy3, is one successful example of SinoGlass responding to market and client demand. Year over year, Hy3 has gained more market share in the hydration bottle space with attractive and unique designs for all ages and situations.

Elemental Kitchen, KitchenWorks[™] and Hy3 combine design innovations with state-of-the-art manufacturing, rigorous testing and a thorough quality control system, to bring only the finest products to your home.

Pearl milk tea is popular for its fun and unique "pearls" that let you drink and "chew" your flavorful tea. It's so unique that we made a special tumbler just for you to enjoy it. A normal straw doesn't work well, so we designed a built-in oversized straw-and- filter mechanism, innovative and pearl-perfect. Twist open and lift the cap to expose the sipping straw, then enjoy this special beverage stress-free. Unscrew the lid and remove the mechanism to clean after use. If you've never tried pearl milk tea, PEARLY DAYS is the perfect tumbler to start the adventure.

Three hydration choices

• Generous spout on one side. -- You can enjoy hot drinks such as coffee and tea.

• Integrated and concealed straw on the other side. You can enjoy all kinds of ice drinks without straws, no need to carry straws with you, and you can seal the opening when you stop drinking.

- Center opening to place the straw.
- -- Of course, if you still want to use a straw, we also provide a solution. The straw hole in the middle can be used or sealed.

TURNABOUT

DUAL-OPTION TUMBLER

TURNABOUT is fair play for the environment. Simple and eco-friendly, our new stainlesssteel tumbler goes everywhere and means no more paper or plastic cups. You can drink from a silicone spout. Or turn the top and insert the stainless-steel straw topped with a comfortable and soft silicone extension.

- Dual-option tumbler, drink from a spout or straw.
- Cover easily removed for cleaning.
- Drinking spout is soft silicone.
- Eco-friendly stainless steel straw, topped with a soft silicone extension.

SIMPLICITY DUAL LID THERMAL TUMBLER

- Dual lid thermal tumbler.
- Ceramic inner coating to preserve flavor.
- Two sizes and three colors availables.

The SIMPLICITY has a few simple jobs. The first is to give you two ways to enjoy your hot or cold drink. You can insert the included straw into the center opening, or you can seal the center and flip open the tab to use the spout. The second job is to keep your drink at the right temperature. The third job is an innovation - a ceramic coating inside the tumbler preserves the flavor of your favorite beverage. Choose from three colors and two sizes and enjoy the SIMPLICITY of jobs well done.

This innovation gives you two drinking options in an unexpected way (three if you add fruit infusion). Start by folding down the ring lock to release the transparent lid. Push the button so the lid swings open to the lock position. The straw springs up for your drink, and closing the lid compresses the mechanism. Would you rather drink from the spout? Just pull the straw straight up to remove it, no need to unscrew the lid. Replace it just as easily and push it down into position. Two options so far. For a leaf tea or fruit infusion, remove the straw, unscrew the lid and attach the filter for option three. Fold the ring lock up to secure the lid. The BPA-free plastic bottle and lid keep your cool refreshment safe and secure.

- Multi-option BPA-free plastic bottle.
- Ring lock for security.
- Straw can be removed from the top.
- Large drinking spout.
- Filter included for infusions or teas.
- Silicone carry strap.

Catch the yerba mate wave with THE GOURD, bombilla included. Yerba mate is a traditional South American drink that's getting worldwide attention. Similar to green tea and matcha, yerba mate has a unique preparation and drinking style, and THE GOURD is the perfect companion for your yerba mate journey. Of course, you can drink anything you like in THE GOURD, and the bombilla (filtering drink-through spoon) is great for leaf tea, infusions, or anything where filtering is an advantage. The other advantages are stainless-steel thermal construction and a sturdy plastic lid so you can safely drink on the move. THE GOURD will expand your beverage universe!

The SMART CARRY thermal bottle has one purpose – fast and adequate hydration. A quick twist of the sturdy integrated handle opens the large drinking spout. The surface is smooth on the outside since it is threaded on the inside. You can quickly fill the bottle by removing the next section, which also makes it easy to clean. Available in two sizes and three colors, the SMART CARRY is the smart choice for keeping you hydrated and on the go.

FLYER MOLDED HANDLE BOTTLE WITH FOLDING STRAW

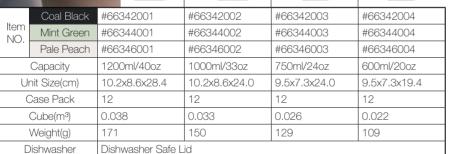

Fill it, grab it, and run with it. Or slip a belt or strap through the strong and stable molded handle to keep it secure. The molded handle stays in place so you don't need to swing it up to use it. The FLYER is a great option for both a rugged environment and a walk in the park, and the foldable straw flips up for a drink, then flips down to seal.

- Foldable straw for quick access.
- Strong and stable molded handle.

SPEED RELEASE

WAVE SPORT BOTTLE

When the weather is warm or your beverage can create some pressure, snapping open a straw can give you an unpleasant splash. The SPEED RELEASE lid solves that problem with a one-motion but three-stage innovation. Unlock (1) and press the button (2) so pressure escapes. Release the button (3) and the straw flips up for a drink. No splash, no pressure – but three steps in one speedy motion. You can close and lock the lid just as easily. SPEED RELEASE includes an folding handle, and is perfect for in-motion refreshment. Exercise, refresh – no pressure!

- Speedy pressure-release lid with integrated folding handle.
- One-motion three-stage opening with no splash.
- Food grade silicone straw.

SOFT TOUCH LOW-IMPACT GLASS AND SILICONE CUP

- Borosilicate portable cup with soft silicone.
- Stainless-steel ring for a secure seal.
- Non-plastic design.
- Detachable stainless-steel mesh filter for tea and coffee.
- From the FCO, I IFF Series.

Our ECO.LIFE Series borosilicate cup is a carry-everywhere, drink-everything innovation designed for comfort and constant use. No throwaway cups are necessary with SOFT TOUCH. We use three sustainable materials – glass, soft silicone, and stainless-steel. The tab over the large spout is soft silicone – just lift and move. A stainless-steel ring with a silicone seal keeps your hot or cold beverage safely inside (just don't turn it upside down). An attachable stainless-steel mesh filter gives you a tea or coffee option. The grip area is a secure and protective silicone ring.

MODERN TOUCH

TRADITION & INNOVATION

Brewing the best tea takes careful thought. First, rinse the tea and heat the cup. Second, steep long enough but not too long. Third, put the brewing basket somewhere while you're drinking the first cup. Fourth ... well, it takes careful thought. So, how about traditional tea with a modern touch? Place fresh leaves in the basket; perch the lid and basket unit on the edge of the borosilicate cup; pour through the leaves to fill the cup; place the lid on the cup so that the tea can steep; remove and invert the basket, which will rest in the concave lid and not leak on your table. Enjoy traditional tea enhanced with modern innovation.

• A modern innovation on traditional tea.

• High quality borosilicate cup.

• Silicone bottom for safety.

• Tea basket and lid conveniently integrated.

• Large and comfortable handle.

In 2025, SinoGlass has expanded to Thailand, providing our customers manufacturing capabilities outside of China.

Thailand's strong industrial infrastructure supports high-precision manufacturing, skilled labor, and supply chain reliability.

With fully integrated production, this facility ensures SinoGlass maintains complete control over quality and efficiency:

- Roll Staging and Forming
 Welding
 Vertically Integrated Injection Mold for Caps and Lids
 Powder Coating and Painting
 Color, Material, Finish (CMF)
