B **S/S PORTABLE STORAGE**
MICROWAVABLE

Here is the one-stop solution for a portable and health-conscious lunch box. First, it's microwavable stainless-steel. Second, an exterior and removable plastic shell protects your hands from the hot surface. Third, a new four-lock lid prevents leaks but releases pressure when opened (the plastic lid must not be placed in the microwave). Fourth, the interior ceramic coating protects food flavor and is easy to clean. The convenient shape and choice of a single or divided compartment seal the deal, making this the ideal portable lunch storage solution, hands down.

- Microwave-safe S/S lunch storage.
- Ceramic coated for flavor protection.
- Four-seal lid prevents leaks.
- Exterior shell protects from hot surfaces.
- **Plastic lid is not microwavable.**
